A PRIVATE SPACE IN A PUBLIC PLACE

Armal Balsamic Bio Green

**£88.00 plus vat
& delivery**

Biologically active enzymatic product for the treatment of waste water in portable toilets.

Degrades any kind of organic waste, eliminates bad odours and keeps the drains clear.

Contents: 10 litres

This product is natural, environmentally safe and user friendly. It contains no harsh chemicals.

Armal Bio Activator

**£80.00 plus vat
& delivery**

Natural enzymatic biological compound. Armal Activator is specific for the treatment of waste water in portable toilets.

The product acts as an activator for the decomposition process of organic substances by removing foul smelling odours.

Contents: 250 tablets

This product is natural, environmentally safe and user friendly. It contains no harsh chemicals.

Armal Air Fresh

**£88.00 plus vat
& delivery**

Biological enzyme activator, ideal for deodorising portable toilets and vacuum tanks. Thanks to the combination of selected enzymes and micro organisms, the degradation processes of organic substances are enhanced.

Armal Air Fresh can also be used in Armal vacuum modules equipped with the odor abatement system (if provided). This device vaporises the Air Fresh liquid into the drainage hoses of the decompressor to reduce the production of unpleasant odours during the operating phases, in particular during waste water removal.

Contents: 10 litres

This product is natural, environmentally safe and user friendly. It contains no harsh chemicals

Armal Toilet Wash

**£80.00 plus vat
& delivery**

Natural and non toxic product specifically made for cleaning and deodorising portable toilets in all situations. The active components act biologically, degrading and eliminating dirt molecules.

It has a detergent and degreasing action to prevent bad smells and leaves a pleasant citrus fruit odour.

Contents: 10 litres

This product is natural, environmentally safe and user friendly. It contains no harsh chemicals.

Armal Urinal Block

**£128.00 plus vat
& delivery**

A natural biological slow-release urinal tablet that prevents the formation of bad smells as well as deposits of undesired organic substances and incrustations, releasing a pleasant odour thanks to the combined action of selected enzymes and micro organisms.

Contents: 50 tablets

This product is natural, environmentally safe and user friendly. It contains no harsh chemicals.

Armal Bio Degredation

**£120.00 plus vat
& delivery**

Natural micro biological compound specific for the nitrification process of portable toilets, vacuum modules and settling tanks.

Contents: 5 kg

This product is natural, environmentally safe and user friendly. It contains no harsh chemicals.
